

AFRICAN VISIONARY FELLOWSHIP 2020

At Segal Family Foundation, we believe that stellar individuals leading exemplary organizations are best placed to devise contextual and sustainable solutions to local challenges. They are not, however, the focus of many donors' funding. We created the African Visionary Fellowship to disrupt this paradigm.

The Fellows have demonstrated passion, potential, and bold vision while leading early-stage organizations. **Please welcome the 2020 cohort of African Visionary Fellows!**
